## **Goals and Objectives**

I want to build web applications using the latest technologies and best practices. I am not looking for work, I am looking for an opportunity to be passionate.

## **Education**

Bachelor of Science, Evolution and Ecology  
University of California, Davis - Sept 2005

## **Skills and Qualifications**

My expertise is converting Photoshop designs into browser compatible, valid, and pixel-perfect CSS/XHTML pages. I have experience integrating front-end code into PHP, Ruby on Rails, and .NET back-ends. I can write Javascript (w/ jQuery), PHP (w/ CakePHP) , and Ruby on Rails code. I also work with major CMS such as Drupal and Wordpress.

CSS/XHTML, jQuery, YUI, AJAX, PHP, Ruby on Rails, Photoshop, Subversion, Perforce LAMP, Wordpress, Drupal, SEO, MySQL, WTF, LOL
